

# THE ENERGY OF THE PLANETS

Work Directly With The Planets

THE PLANETS HAVE AN ENERGETIC INFLUENCE  
ON EVERYTHING UPON THE EARTH  
AND THAT INCLUDES YOU

There are fixed energy formations you received from the planets  
when you were born in your present human form.  
Some are beneficial to you and some present obstacles in your life.

Go on a meditative journey with Hayehewatha (through the Medium,  
Andrée Morgana) beyond our earth and into the sphere of the planets.

There you will be able to work directly with the energies of the planets  
as they relate to you and your life.

You will begin to change their arrangements and influences in your life  
so you can live a more harmonious and successful experience upon  
the earth.
