

A SPECIAL MOMENT

TWO LEGENDARY HISTORIC FIGURES

THEIR WISDOM TODAY

HAYEHWATHA & JIKOHSASEH

OF THE IROQUOIS CONFEDERACY

Andrée Morgana lives in the Mount Shasta area and has been working, as a Medium, with Hayehwatha since 1996. Much to her surprise, Hayehwatha began to take people on journeys into the universe and beyond, showing them what he has learned since he left the earth.

Today Hayehwatha provides an understanding of the creation of the universe, the creation of souls and the human form. His mediative journeys can show you those realities as they relate to you; who you are and where you originated as a soul, prior to your human forms.

In 2003 Andrée met Marcine Quenzer and came to discover that Marcine is very connected to Jikohsaseh, who played a major role in establishing peace among the Iroquois (Haudenosaunee) people.

Marcine will be at The Best of Mt Shasta Festival, Sunday, August 1 as a vendor to introduce herself to the Mt Shasta community. The next day Marcine and Andrée will present a full day workshop connecting you to these historic figures in a way that is relevant to the needs of today, globally and personally. Nictaha Marques is traveling with Marcine and will present the Mayan Teachings and Prophecies.

Marcine and Nictaha will give their workshop on Healing The Earth from 10 am to 5 pm. There will be a lunch and dinner potluck. At 6 pm will be a 3 hour meditative journey with Hayehwatha, Into The Universe and Beyond.

The workshop takes place in the Mount Shasta area at a private home, on six acres with a view of the mountain. Call Andrée at 530-859-5793 for details.

Talk with Marcine and Nictaha about their fees. Hayehwatha's session is \$20 per person.

Mayan Teachings and Prophecies by Nictaha Marques
Haudenosaunee Teachings and Prophecies by
Niyawehnsie
Evening with Hayehwatha (see attached)

We teach all Nations of all Cultures the importance of Protecting Sacred Sites, and we offer education and preservation of the Indigenous Nations' Prophecies. Our present emphasis is teaching the importance of Mother Earth's Magnetic grids that hold the Life Force for all Kingdoms in Nature and how they are being taken out of Harmony by development and bad sound. We share the how, the why, the causes and the effects of our actions in Nature. We teach how Mother Nature's Laws, Universal Laws, and Spiritual Laws have been affected by this imbalance, causing the disasters of today in the environments around the World.
